Dresden - Place to be! e.V.

Dresden citizens would like to welcome you to our town!

The initiative Dresden - Place to be! e.V. helps foreign nationals feel at home in Dresden with its amazing cultural life, attractive scenery and its many opportunities in academic, science, culture und industry.

A group of Dresden citizens has volunteered to act as personal hosts and "helpful address" for newcomers.

Residents will show you around the city, invite you to their homes, and get you acquainted with living in Dresden. We in Dresden hope to make you feel welcome from the moment you arrive, and we hope your time in our city, whether temporary or permanent, will be enjoyable and unforgettable!
